

THE EVENING MISSOURIAN

TENTH YEAR

COLUMBIA, MISSOURI, TUESDAY EVENING, OCTOBER 2, 1917.

NUMBER 15

BAPTISTS OF NATION HONOR E. W. STEPHENS

Make Local Man Treasurer
of Memorial Building
Committee.

WILL ERECT CHURCH

Edifice to Roger Williams,
Early Member, Planned
for Washington, D. C.

The appointment of E. W. Stephens of Columbia to be treasurer of a committee in charge of building a national memorial to Roger Williams by the Baptist Church of the United States was announced in Washington yesterday. A church building on Sixteenth avenue in Washington with a statue of the famous Baptist placed in front of it is the memorial planned, and the estimated cost of the undertaking is \$300,000. Mr. Stephens said this to those already carried out in Washington by the Lutherans, the Church of the Disciples and the Presbyterians. All these denominations have built memorial churches to some of their past leaders. The building planned by the Baptists will be on Sixteenth avenue and Columbia road in Washington, facing on Sixteenth avenue which has come to be known as the Avenue of Presidents.

Has Led National Councils.
Mr. Stephens has been a leader in the national councils of both the northern and southern Baptist Churches for a number of years. He has served as president of the Southern Baptist convention and vice-president of the Northern Church convention. He was notified several weeks ago that he had been chosen to serve on the committee to raise the \$300,000 for the memorial, but only yesterday heard of his more important appointment.

"We will start the work of raising money for the memorial in the very near future," said Mr. Stephens this morning. "A lot for the building has already been purchased and, I understand, \$50,000 to apply on the needed \$300,000 has been pledged. I feel sure that Baptists throughout the United States will respond to the call for the memorial and that the work will go forward so that the real building of the church may be started in a short time."

Raised Fund for Church in Russia.
Mr. Stephens' appointment to his present position recalls his appointment several years ago to be treasurer for the United States of a fund which was started in that country and England to build a Baptist Church in Russia. Forty thousand dollars was raised in the United States for the fund but the work of completing the movement was halted when the war began.

The other members of the committee in charge of the Washington Memorial are: Dr. Emory W. Hunt of Newton Center, Mass., who is chairman for the Northern Church; J. J. Darlington, pastor of the Washington Baptist Church which will occupy the new building; and the Rev. E. B. Jackson of Alexandria, Va., who has been appointed secretary of the new building fund.

GOOD ACTIVITY TICKET SALE

\$800 Was taken in by Solicitors the First Day Books Were Issued.
The sale of activity tickets for the first day amounted to more than \$800, according to Athletic Director W. E. Meanwell. This number has been steadily increased each day since they have been on sale and with the William Jewell game coming Saturday to add stimulus to the sale they should rank well with those of previous years. So far all of the sales have been in the hands of students who are given a commission for selling them. On Thursday of this week the tickets are to be turned over to the athletic department and may be bought at Director Meanwell's office after that date.

Agricultural Auditorium Today.

A meeting of the sophomore and junior classes of the University to plan a big freshman-sophomore-junior smoker at which President A. Ross Hill, Prof. L. M. Defoe and Morris E. Dry, president of the student body will speak, was called for this afternoon at 4 o'clock. The meeting will be held in the auditorium of the Agriculture Building. USES THIS PEN ON BIG CHECK

E. W. Stephens Has Souvenir of Final
State Capitol Payment.

A small gold fountain pen, used in signing the final payment of \$270,000 on the new Missouri state capitol, is now the property of E. W. Stephens of Columbia. It was presented to Mr. Stephens by John Gill of the John Gill and Sons Company, which built the new statehouse, immediately after Mr. Stephens signed the final check in payment for the building in Jefferson City last Friday. The check was signed just six years after the capitol commission was appointed.

The last contract for terracing the west grounds of the capitol was also signed by Mr. Stephens while he was in Jefferson City. The contract calls for a driveway and concrete terrace on the west side of the new building. The rooms of the building are now being furnished so that all state offices may open there October 15.

McAdoo, in Indianapolis
Talk, Says Soldiers' Needs
Must Be Satisfied.

INSURANCE A FACTOR

Also Food, Clothing and
Wages Are to Come from
Proceeds.

By Associated Press
INDIANAPOLIS, Oct. 2.—William M. McAdoo, Secretary of the Treasury, arrived here today on his speech-making trip in favor of the second Liberty Loan issue. After a breakfast given in his honor by former Vice-President Charles W. Fairbanks, Secretary McAdoo met the Liberty Loan staff and bond salesmen of Indianapolis and explained how the money obtained through the sale of bonds will be used.

"When war comes to a nation the first essential is money," said Secretary McAdoo in his talk to the Liberty Loan workers of Indiana. "We must keep our soldiers and sailors armed and equipped with the best that money can buy and American skill devise. We must constantly provide them with plenty of clothing and food; we must pay their wages; we must, as a human nation, support their dependent families while they are risking their lives for us; we must supply them with a reasonable amount of life insurance. We destroy their insurance and also the whole of their earning power when we draft them and send them to the front to fight for us."

"The money that we are raising by taxation and by bond issue is being devoted to these purposes. More than \$8,500,000 of the money that you are going to provide this fiscal year will be expended upon the army and from \$1,800,000 to \$2,500,000 more of the appropriations will be equally spent on the soldiers and the sailors under whose uniforms beat the true hearts of American freedom."

Bomb Teuton Towns.

By Associated Press
LONDON, Oct. 2.—In last night's air raid 10 persons were killed and 38 injured. This is the sixth raid within eight days.

Londoners, despite the repeated German attempts to drop bombs on the city, are standing the test well. Last night, when the two squadrons of German flyers succeeded in getting close to London and some got over the city, no panic and no untoward incidents occurred.

Immediately the coming of the raiders was signaled, people in the streets hurried for cover, while motor busses and cars drew up to the curb, where passengers alighted quickly and sought cover.

Within five minutes the streets were deserted and a strange silence fell over the city.

Shoe Removing Contest.

R. W. Jones of the department of Journalism at the University of South Dakota, a graduate of the University of Missouri and formerly city editor of the Columbia Daily Tribune, moves fast when it comes to taking off and putting on his shoes. The News Letter, issued by the University of South Dakota, relates that he was a member of a team of faculty men there that beat a freshman team in a take-off-put-on shoe contest.

Each contestant removed his shoes. The shoes were placed in the middle of the gymnasium floor in a pile. The two teams lined up at opposite ends of the gymnasium, and at the sound of the whistle dashed to the center of the room and each man endeavored to find his own shoes and put them on as rapidly as possible. The team which was able to line up at its original station, properly shod and with shoes neatly laced and tied, while the other team still had some member struggling with a stubborn shoe, won the right to a second helping of watermelon. It all happened at the annual watermelon feast at the University.

CITY HAS A POLICE ALARM

Old Stephens College Chapel Bell
Will Be Hung at City Hall.

The chapel bell which for years called students at Stephens College to their classes has been borrowed by the city police department and will be used as an alarm bell. Workmen were engaged today in mounting the bell on the roof of the City Hall.

According to Chief J. L. Whitesides, the bell will be used chiefly to summon policemen who are on duty on the street to headquarters when a call comes in by telephone. When the officer on the street hears the bell he will go to the nearest telephone and find out where he is needed.

The bell was cast in 1870 and was used for many years after that date by Stephens College. A belfry is being erected on the roof of the City Hall to house the bell.

Germans Fear Drive.

By Associated Press
LONDON, Oct. 2.—Apparently dreading the effect of the next British stroke, Crown Prince Rupprecht has been launching attack after attack upon Field Marshal Haig's troops in the advance positions in an attempt to disarrange the British plans.

Similar tactics were adopted last week on the eve of renewed British thrusts, heavy counter-attacks being delivered on the eve of September 25, when it became evident that Haig was about ready to launch his drive.

The records show the efforts of the Germans last week to have been futile and too early for the effect of the British attack to be developed. The British commander reports that the attacks themselves, five in number, were completely repulsed, the Germans not being able to make any appreciable impression on the British positions along the Ypres-Menin road and the southeastern edge of Polygon Wood, where the thrusts were delivered.
